The Virtual Desktop Infrastructure Solution for Hybrid Work Applications

Fast-track your digital transformation with secure, ready-to-work remote environments

The hybrid office is here to stay, and successful businesses are embracing the flexibility of remote work.

As a result, businesses need a Virtual Desktop Infrastructure (VDI) solution that seamlessly delivers access to workplace resources at scale.

How Milestone's DaaS solution benefits your organization

A comprehensive VDI service for organizations to enable transformational business outcomes.

Milestone's VDI solution securely connects to your infrastructure whether in the cloud or on-premise. Connect as many secure work environments as you need (known as Workrooms) to your enterprise and the Internet, simultaneously.

Configure hybrid office environments that are flexible and secure, without the IT hassles of the past.

Leading enterprises trust Milestone to deliver intelligent applications and support to ensure end-users can connect seamlessly to company systems wherever they are. With Milestone, you get a secure work environment on any device, from any location.

Digital Workplace Services, Cloud & Infrastructure

Desktop as a Service (DaaS)

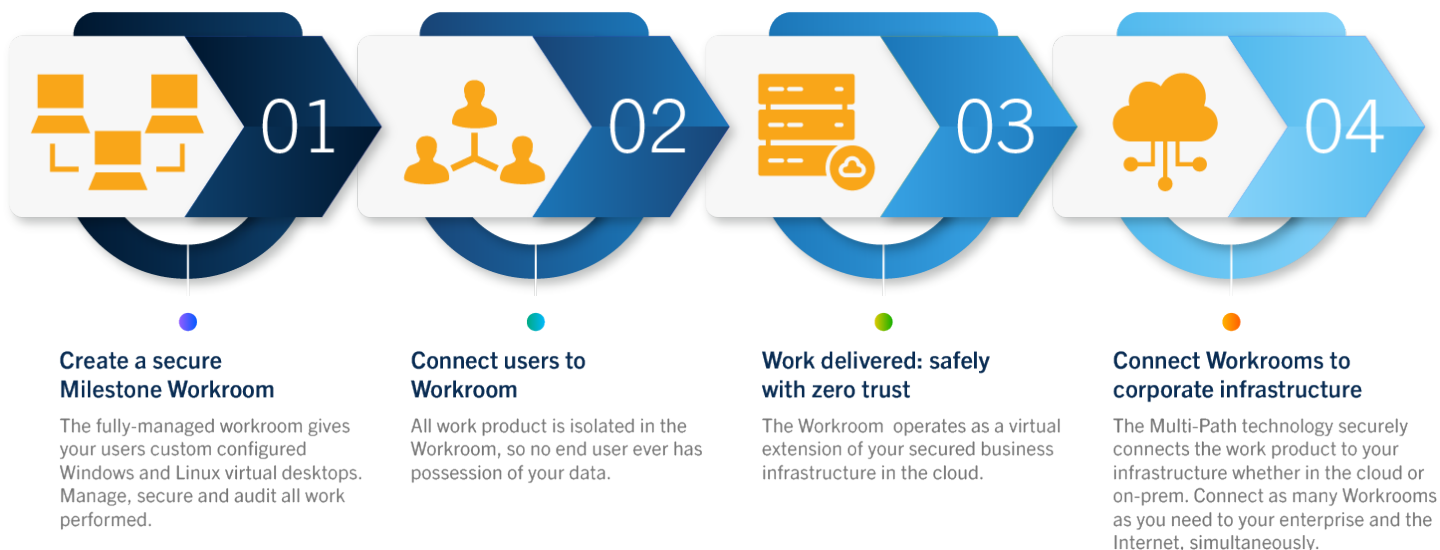

Milestone's Desktop as a Service (DaaS) solution:

- Milestone's managed services solution combines Security, Audit, Networking, and Support for seamless hybrid workforce enablement
- Easily deploy ready-to-work, remote-access work environments with data encryption policy controls for anyone, anywhere
- Quickly scale hybrid environments from few to a few thousand workstations in minutes
- No more laptops to ship, infrastructure to install, multi-vendor integrations, or data loss

Set up secure remote access quickly and easily in just 4 steps!

Milestone's solution fully integrates with your systems to provide Virtual Desktop and Desktop-as-a-Service capabilities.

Quickly deploy a Hybrid Workforce with secure Workrooms, set your controls, and customize access to network resources that minimize access and strengthen compliance and regulatory requirements.
