

# Strategic GRC Solutions

## Environmental Health and Safety (EHS) Services

### About Milestone

Milestone Technologies is a leading global IT services and digital solutions provider that collaborates with organizations worldwide to revolutionize their technology infrastructure and digital capabilities.

With a strong commitment to innovation and customer satisfaction, we empower businesses to accelerate their digital transformation journey and unlock new opportunities for growth and success.

By leveraging our extensive expertise in cutting-edge technologies, we provide companies with the agility and scalability needed to stay ahead in today's rapidly evolving digital landscape.

### Milestone's Strategic GRC Solutions Services

With over 25 years in business, Milestone has built a strong reputation for delivering technology infrastructure, support, and AI-enabled solutions that drive digital transformation across the enterprise. Contact an expert today to learn why the world's top global technology organizations love working with Milestone.

### Why Clients Love Us

With over 25 years in business, Milestone has built a strong reputation for being an employee-first culture that is engaged, diverse, and agile, with a focus on continuous improvement and service excellence.

**Doing business more responsibly is doing business better for everyone.**

### Achieve a Healthier and Safer Business.

**Your employees' well-being and safety at work and your organization's impact on the environment are crucial to your business's health.**

Milestone Technologies' Environmental Health & Safety Services (EHS) provide enterprise-wide solutions to continuously improve your environmental, health and safety management, governance systems, and company-wide organizational capabilities to provide a safer workplace, community and environment.

We guide you through changing regulations, prevent noncompliance penalties, reduce risk, and cultivate a secure, healthy workplace, environment, and public perception of your business.

### Risk Assessment and Remediation

Milestone ensures your organization is compliant with relevant regulations and operates sustainably and safely for all stakeholders involved. Our Risk Assessment and Remediation solutions include:

- Risk Identification and Assessment
- Risk Mitigation and Control Implementation
- Risk Monitoring and Reporting
- Business Continuity Planning and DR
- Enterprise Risk Management Program Development
- Incident investigation and root cause analysis training or implementation

### Auditing and Compliance

Adhering to regulatory standards and proactively addressing potential risks protects the health and safety of employees, minimizes environmental impact, and upholds an organization's reputation and legal standing. Our services include:

- Risk-based Audit Planning and Execution
- Operational, Financial, and IT Audit Services
- Compliance and Regulatory Audit Services
- Audit Findings Reporting and Remediation
- Internal Audit Process Transformation
- AML/Sanctions (KYC, CDD, EDD, PEP, etc.)
- Compliance Gap Analysis and Remediation
- Regulatory Change Management and Monitoring
- Compliance Training and Awareness Programs
- Compliance Reporting and Attestation

### Data and Performance Management

Harness the power of data to uncover insights for risk mitigation and refinement of EHS strategies. Milestone collects, analyzes, and reports EHS data to accurately track performance against compliance benchmarks and sustainability goals. Our services include:

- Developing and managing the global EHS information and data management systems.
- Assisting in the design, build and continuous improvement of technology systems, tools, and automation, monitoring, and standardization of frameworks.
- Measuring and monitoring EHS performance and developing strategies, plans, and programs for continuous improvement.
